

House Halves Europe Arms Aid Program

Deals Hard Blow To Truman Men

Washington, Aug. 18.—(AP) The House tonight approved on \$869,505,000 program of arming foreign nations after dealing the administration a blow by halving the fund sought for European countries. The vote on final passage was 238 to 122.

The members slashed \$580,495,000 from the program designed to strengthen non-communist nations against Russian aggression.

The entire cut was made in the funds sought for western European members of the North Atlantic Security treaty.

Bill Goes To Senate
The cut, contained in an amendment by Rep. Richards (D-SC), also limited the whole rearmament undertaking to next June 30, whereas Mr. Truman planned it for two years.

The amendment was adopted by a lopsided 209 to 151 political vote.

Administration leaders appealed in vain for the full \$1,450,000,000 plan as presented by the president. It had been urged as the smallest amount needed to build up the military machine in a hurry and forestall any Soviet ideas of over-running Europe.

But backers of the Richards amendment accepted it as a way of taking a "second look" next spring to make sure the European nations were cooperating for mutual defense before setting up any more money.

Senate Hearings Continue
In the Senate, hearings on the program continued today before the combined Senate Foreign Relations and Armed Services committees.

The Richards amendment made no changes in the \$211,370,000 military aid requested for Greece and Turkey, and \$27,640,000 for Iran, Korea and the Philippines.

The only other major change in the bill requires that half the supplies sent abroad must be shipped in United States vessels and at prevailing shipping rates. It was adopted by voice vote.

The amendment was offered by Rep. Bonner (D-NC), who said its purpose was to guarantee that not all the shipping went to foreign merchant vessels because of lower shipping and labor costs.

Defeat China Aid
The House defeated amendments to furnish arms to nationalist China and southern Asia, to prohibit the use of U. S. troops for non-combatant duty abroad, to require the president to give preference in furnishing supplies to business firms in areas having severe unemployment, and to prohibit the assignment of U. S. troops to other nations for any purpose.

Many northern Democrats on whom the administration had counted for support voted for the Richards amendment to cut the western European fund southerners split, while most Republicans backed the cut.

Before final passage, the House shouted down a motion by Rep. Jackson (R-Calif.) to send the bill back to the Foreign Affairs committee.

The vote on the fund slashing Richards amendment went this way: For, 71 Democrats, 137 Republicans, one American-Laborite. Against, 143 Democrats, 2 Republicans.

The Richards amendment first was adopted by a teller vote 173 to 137 in which members are counted anonymously. It was confirmed later by the rollcall vote.

Girl Gets Wish, Old Police Horse Gets Quiet Home

Cleveland, Aug. 18.—(AP) A 14-year-old girl had her dream fulfilled today and an old police horse got a quiet home in which to spend his remaining years.

The girl, pretty Nancy Nightingale of Windsor, O., learned to ride bareback at five and had wanted a horse ever since.

The horse, 15-year-old Kentucky Babe, plodded Cleveland's streets for years as a member of troop A of the city's mounted police. He was to be sent to Kentucky and traded in on a younger horse.

Then Nancy wrote Ed Bang, sports editor of the Cleveland News. The daughter of Ralph Nightingale, a retired army cavalryman, she told Bang about her dream of owning a horse.

Bang had the matter brought to the attention of Troop A. The sympathetic troopers decided Kentucky Babe was just right for the girl and took up a collection to raise the \$25 the horse would bring on a trade-in.

Senate Okays Clark As High Court Justice

Washington, Aug. 18.—(AP) The senate confirmed Tom Clark of Texas today as an associate justice of the Supreme Court.

The vote was 73 to 8. Republicans cast all eight "nay" votes.

The senate then shouted its approval of Senator J. Howard McGrath (D-RI) to succeed Clark as attorney general. McGrath is chairman of the Democratic national committee but has announced that he will resign that position before he takes office as head of the Justice department.

Clark's appointment drew bitter criticism from Senator Ferguson (R-Mich.), who called the nomination "transparently political," and accused the 49-year-old official of "gross mismanagement" in the Gerhart Eisler deportation case.

Clark's friends stood by him as a good man who should make a fine justice.

The eight Republican senators who voted against Clark were Ferguson and his Michigan colleague, Senator Vandenberg; Senators Donnell and Kem of Missouri, Flanders of Vermont, Taft of Ohio, Watkins of Utah and Williams of Delaware.

Ferguson led the attack on Clark in the three and a half hours of debate which preceded the vote. He made no effort to hide his displeasure that Clark was not called before the senate judiciary committee for questioning.

Had Clark been called, Ferguson said, he would like to have questioned him not only about the Eisler case but about his handling of wiretapping, anti-trust prosecutions, "gangster parades," and a 1946 Kansas City vote fraud case.

Imperial Wizard Green of KKK Dies Of Heart Attack

Atlanta, Aug. 18.—(AP) Imperial Wizard Samuel Green of the Ku Klux Klan, a thin, fanatical little man, died suddenly tonight.

The 59-year-old physician, who had complained of chest pains for a week, succumbed to a heart attack at his home just a few minutes after 6 p.m.

He died as the Klan, and much that the Klan stood for, faced a rising tide of antagonistic public opinion.

For months prior to his death, he had been the target for newspapers and public officials who laid many acts of violence in the south at the Klan's doorstep.

Bitterly, Dr. Green claimed he was the subject of newspaper "persecution," and issued what amounted to a standing denial that his organization was to blame for anything.

He said time and again that any Klansman found violating the law would be banished from the "Invisible Empire" over which he held sway.

The sharpest indictment of Green's Klan, which he called the Association of Georgia Klans, came from Attorney General Tom Clark, who labeled it subversive last April.

Clark's appointment drew bitter criticism from Senator Ferguson (R-Mich.), who called the nomination "transparently political," and accused the 49-year-old official of "gross mismanagement" in the Gerhart Eisler deportation case.

Truman Asks Judgement Be Withheld Until Aide Heard

Washington, Aug. 18.—(AP) Secret testimony flatly contradicting statements of Maj. Gen. Harry H. Vaughan about the deep freezer gifts sent to Washington notables, including Mrs. Harry S. Truman, was released today by Senate investigators.

It showed that Albert J. Gross, Milwaukee manufacturer of the freezers, told the five percent inquiry on Monday that the freezers were not "peripheral" ones and were not "factory rejects." He said of rejects "we had no such animal."

The senate investigating committee released the testimony only a few hours after President Truman told a news conference that "most of the favorable testimony" concerning his military aide had been taken behind closed doors.

Mr. Truman added that the unfavorable side had been presented at public hearings. The President made the comment in urging that in common fairness judgement be suspended on Vaughan until he has been heard by the committee.

The transcript released a few pages at a time late today showed that testimony along the same line as that of Gross was given by Robert J. Quirk, a supplier for the gross firm, and Harry Hoffman.

Hoffman, a Milwaukee advertising man, said he obtained the freezers from the gross firm for the Albert J. Verley Perfume Co., Chicago. The Verley concern later sent them to Mrs. Truman, Vaughan and several other Washington dignitaries as presents.

Vaughan said in a statement issued from the White House August 13 that Hoffman told him in 1945 he thought he could get "factory rejects" freezer units for him. He also said Hoffman informed him they were experimental models and had no market value.

YOUNG CHANNEL SWIMMER IS A REMINDER OF GAY YESTERYEAR

We can thank Shirley May France, the comely 17-year-old Massachusetts lass, for taking our minds off the diet of crises by which we live these days.

Alert Americans have to attend to the critical problems of the time or stand accused of careless citizenship. But Shirley May's proposed channel swim is a welcome relief from the grim spate of stories about Britain's dollar troubles, Russia's obstinacy and deception, and the painful plodding of Congress through a hot summer.

Shirley May can do this for us because her scheduled venture has all the elements of the most forceful human story that can be told: man, or better still, girl against nature.

We've had channel swims before. And maybe the country has grown up a lot since the giddy 1920's when an American girl named Gertrude Ederle stole the front pages with her successful try. But still this contest against nature can't be dismissed as "old stuff."

The fact is that events like this are well-nigh irresistible. Look at the exciting ingredients of the story: a treacherous expanse of water, icy cold and churned by shifting tides and gusty winds, and a sturdy young blue-eyed blonde who has been preparing a long time to pit her strength and pluck against it.

Too, Shirley May has led us to hark back to a past that was gay, if somewhat more irresponsible, than our present. And nobody seems sorry for that.

Americans are a nostalgic people. They enjoy dwelling on their former glories and pleasures. They like almost anything that recalls the flavor of a day gone by.

Who can read of Shirley May's channel swim without thinking again of the frizzy hair-do's and short skirts of the flappers, the Charleston and Black Bottom, long runs by Red Grange of Illinois, and the placid countenance of "Silent Cal" Coolidge?

Yes, we owe Shirley May our gratitude for this. She's given us an agreeable change in mood and temper. She's made us remember it is still possible to relax and be pleasantly trivial.

CALIFORNIA NOT SO STRANGE

While Southern California continues to attract new people by the thousands, many a visitor professes not to like what he sees there.

To some, the informal mode of dress is shocking. To others, the free-ranging architecture, usually translated into dazzling white stucco, is the chief offender. These and other elements make a pattern of restlessness that seems strange.

Actually it isn't strange at all. Californians more often than not are people from other states who are just doing out there what they are afraid to do at home in Iowa or Georgia or New York.

MR. AND MRS. NORMAN LEONHARD

The marriage of Miss Joan Jones, daughter of Mr. and Mrs. Jimmie Jones of Arenzville, and Norman K. Leonhard, son of Mr. and Mrs. Floyd M. Leonhard of Virginia, was solemnized in a lovely double-ring ceremony performed by Rev. Robert Pitsch at the Methodist church in Arenzville Sunday, Aug. 14, at 3 p. m.

The vows were pledged before an altar banked with ivory and white gladioli, white hydrangeas and fern, with 60 glowing tapers graduated in height from eight feet in the center to two and a half feet on either side. The candles were lighted by Russell Wedeking and Russell Davidsmeyer, both of Virginia.

Musical Prelude
Preceding the ceremony, a piano recital was presented by Miss Mahala McGhee of MacMurray college, also accompanied by Mrs. Richard Thompson of Jacksonville, aunt of the bride, who sang "Because" and "I Love You Truly." The traditional wedding marches were also used.

Escorted by her father, who gave her in marriage, the bride was attired in a gown of white satin, fashioned with fitted bodice, high neckline of net, outlined in seed pearls, and long pointed sleeves. The full skirt lengthened into a fan shaped train. The fingertip veil of silk illusion, edged with Chantilly lace, was held in place with a coronet of pearlized orange blossoms. She carried a shower bouquet of white carnations and fleur de lis.

Attendant Wears Aqua
The maid of honor was Miss Maxine Strickler of Arenzville, cousin of the bride. Her gown was of aqua satin. She wore matching mitts and a veil of aqua net, secured with darker aqua flowers.

William Yates of Tulsa, Okla., served as best man. The ushers were Russell Wedeking and Russell Davidsmeyer.
A reception for close friends and relatives was given at the home of the bride's parents, where the couple cut a three-tiered wedding cake, topped with miniature bride and groom. Assisting with the reception were Mrs. William Jones, sister of the bride, Mrs. Elmer Timman, Mrs. Russell Davidsmeyer, Mrs. Robert Wildt and Miss Garnette Still.

FALSE TEETH

That Loosen

Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their false teeth dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEREETH, the alkaline (non acid) powder, on your plates. Holds false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEREETH at any drug store.

Carrollton Rug Club To Be Theme Of Feature Story

Carrollton—The outstanding work of the Carrollton Day Unit Rug club has caught the attention of the extension staff of the University of Illinois and as a result the club here

is to be visited in October by Miss Dorothy Iweg of the extension staff and Miss Jessie Heathman, radio and press representative of the University of Illinois.

Miss Heathman plans to take colored photos of the rugs made by the Carrollton group and give the organization a feature story which will be sent to some of the leading women's magazines of the nation.

The local Rug Club was organized under the leadership of Mrs. W. W. Wells, now of Springfield. Since Mrs. Wells moved to Springfield the club has been continuing its regular meetings with a growth in membership which finally resulted in the forming of a Carrollton Night Unit Rug club, organized under the supervision and direction of the older club. The club specializes in hooked rugs made of both yarn and woolen fabric and braided rugs.

Mistake In Ad Scares Tourists

Beirut, Lebanon—(AP)—A mistake in advertising is believed to have cost Lebanon a poor touring season this summer. Lebanese have been puzzled by the absence of travelers from Egypt, Iraq, Saudi Arabia and other neighboring countries.

The explanation came when pamphlets sent abroad to attract tourists were checked. The Touring Department found out that last year's prices—exceeding by more than 20 per cent this year's cost of living—were advertised by mistake. Hotel rooms were listed at \$11.12 per day instead of \$7.04. All other prices were inflated accordingly. This, it is estimated, was enough to scare thousands of would-be tourists away from Lebanon.

American women use perfume and fragrance products to the value of \$685,000,000 per year.

European Labor Threatened By Wave Of Unrest

By LEON DENNEN

NEA Special Correspondent

LONDON—(NEA) As delegates representing forty-three million organized workers in Asia, Africa, Europe and America met here to lay the foundation for a new anti-Communist world labor federation, the struggle for the soul of European labor reached a new climax.

The bitter conflict between the Communist-led World Federation of Trade Unions and its new rival, which includes the American Federation of Labor, the Congress of Industrial Organizations and the British Trade Union Congress, has been further intensified by the recent Vatican decision to ex-communicate Communists.

The East-West truce achieved last June by the Four-Power foreign ministers already is little more than a dead letter. European labor is threatened by a new wave of unrest and violence which may well upset the precarious political balance in the coalition-governed Atlantic Pact countries.

A survey made by this correspondent reveals that the Pope's "Excommunication Edict" already has resulted in a mass exodus of Catholic members from Communist-dominated trade union organizations.

Giuseppe Vittorio, leader of the Italian Confederation of Labor recently admitted that, in the Milan region alone, his union has lost over 200,000 members. Vittorio's Federation, according to official estimates, has suffered a decrease in membership from 7,000,000 to a little over 2,000,000. At the same time the Christian and Socialist Unions, starting from scratch only several months ago, already claim 2,000,000 members.

Officials unworried, Palmiro Togliatti, Italian Communist chieftain, calls the Vatican's edict "an attempt to re-enact the Dark Ages" which will have little effect on Italian labor. Politburo is desperately seeking ways to check the mass exodus both from the party and the Red Labor Federation.

According to some Cominform sources, Togliatti has been under fire in Moscow for several weeks and his days as leader of the Italian Communists may be numbered. The Kremlin was particularly displeased with his failure to prevent the Italian Parliament from ratifying the Atlantic Pact.

Even in France, where organized labor is traditionally anticlerical, the Vatican's edict is being felt. The Communist-led CGT which a year ago claimed a membership of over 1,000,000, now claims only 2,500,000.

Just how the Vatican edict will affect the Kremlin's foreign policy is difficult to predict. The men of the Politburo are apparently con-

vinced that the long-awaited and long-predicted economic crisis in the "capitalist countries" is here, and that now is the time to strike.

This was the main theme of a speech delivered in Milan before a group of top Party functionaries by Vassili Kuznetsov, leader of the Soviet trade unions. He also stressed the fact that "irreconcilable economic differences between the American imperialists and the British imperialists will further aggravate the crisis."

The recent dock strike which practically paralyzed the Port of London was according to reliable information, fomented and in part financed by Moscow through the WFTU. It is regarded here as merely a rehearsal for bigger and better strikes in order, as Kuznetsov said, "to deepen the already deep capitalist economic crisis."

For the moment, it is believed here the WFTU will concentrate on such key industries as shipping and coal mining. Both industries are vital to the Marshall Plan.

A Union of Seamen and Dockers, headed by Harry Bridges, pro-Communist head of the West Coast International Longshoremen's Union, was recently organized in Marseilles under the WFTU.

A similar "trade secretariat" for the coal mining and steel industries is now being formed in Paris by Louis Saillant, Secretary General of the WFTU, and Kuznetsov. This "secretariat" will devote itself exclusively to the Ruhr and the industrial regions of northern France and Belgium.

Meanwhile, the new anti-Communist Labor Federation, according to Irving Brown and Michael Ross, AFL and CIO representatives on the Preparatory Commission, will be ready to enter the world labor area next November.

When two Kroger executives were promoted recently, they left their jobs vacant. So other Kroger men moved up to fill the vacancies. This called for additional promotions until the original promotions resulted in promotions for ten other men. At Kroger there's always room at the top—and one move up always makes many more.

In a double-ring ceremony, Miss Maxine Leinberger, daughter of Mr. and Mrs. O. C. Leinberger of Tallula, and Floyd E. Musch, son of Henry Musch, Concord, were united in marriage on Sunday, August 7, at 1:30 p.m. at the Bethlehem Lutheran church at Petersburg.

The marriage vows were received by Dr. B. H. Selek before an altar banked with ferns and yellow and white gladioli. The tall candelabras were lighted by the ushers, John and Joe Leinberger, brothers of the bride.

Preceding the ceremony, an organ recital of wedding music was presented by Miss Tena Janssen. Miss Dorothy Leinberger sang "I Love You Truly" and "The Lord's Prayer." Miss Janssen also played the traditional wedding marches.

Escorted By Brother
The bride entered the church with her brother, Robert, followed by the matron of honor, Mrs. Robert Leinberger of Petersburg, sister-in-law of the bride. The flower girls were Janice and Joyce Ann Leinberger also of Petersburg, nieces of the bride. Charles Musch of Arenzville, nephew of the bridegroom, acted as ring bearer.

The bride's gown was of traditional white satin with lace at the edge of the marquisette yoke and waistline. The fingertip veil was also lace-trimmed and held in place with

white roses, which were also carried atop a white prayer book. A strand of pearls, gift of the bridegroom, was the only jewelry worn by the bride.

The matron of honor's gown was of yellow organdy and the flower girls' of pale green organdy, all fashioned in style similar to the bride's gown.

A navy blue dress with gray and black accessories and a corsage of white gladioli was worn by the bride's mother.

Reception At Home
A reception following the ceremony was held for 100 relatives and friends at 4 p.m. at the country home of the bride's parents. The bride's aunts acted as hostesses. Mr. and Mrs. Musch will reside in Green Valley, where the bridegroom will serve as coach and principal of the grade school. Mrs. Musch will be employed as teacher of the sixth and seventh grades.

The bride graduated from Chandlerville High school and her husband from the Arenzville High school. Both attended Western Illinois State college.

French Lick, Ind., Aug. 18—(P)—Steady Alvin Everett of Rome, Ga., won his third national left-handed golf championship today with a 6 and 4 victory over Bob Malone of Fort Worth, Tex.

Everett got the jump by winning the first three holes with par as Malone started wildly. The 1939-1949 champion went six up at the end of the morning round and matched shots with the 24-year-old Texas Christian student in the afternoon.

Dave Fitzgerald of Livingston, Mont., defeated J. B. Tisserand Jr. of Evansville, Ind., in the finals of the championship consolation flight, one up in 37 holes.

Quincy, Ill., Aug. 18—(P)—Cary Middlecoff, U.S. Open champion, expanded his lead over Sam Snead to six strokes today as the pair completed the Quincy appearance of their four-city exhibition golf tour.

Middlecoff, Memphis, Tenn., dentist turned pro, shot a 33-36, four under par. Snead posted a 37-33-70. The Memphis linksman led Snead by two strokes after their opening round at Sioux City, Iowa, yesterday. Today's exhibition at the Quincy Country club attracted a gallery of 1,000.

Snead, masters and PGA champion, and Middlecoff will complete their 72-hole medal play set billed as the unofficial world championship, with an 18-hole match tomorrow at Knoxville, Tenn., and another round of 18 at Memphis Saturday.

Grand Rapids, Mich., Aug. 18—(P)—E. J. "Dutch" Harrison found the Long Cascade Hills Country club course to his liking today as he shot a 65—seven under par—to grab the lead in the opening 18-hole round of the 72-hole Grand Rapids Open Golf tournament.

Harrison, shooting for \$2,600 first prize money, held a one-stroke lead over Jim Ferrier of San Francisco who had a 66 as a result of a red-hot incoming nine.

Ferrier tipped in a 40-yard approach for an eagle on the 13th hole and dropped one from 30 yards on the 18th hole for another eagle to give him 30 on the back nine. Par for the course is 36-36-72.

Harrison, playing out of St. Andrews, Ill., had seven pars and an eagle. He encountered his only major trouble on the 489-yard 18th hole where his second shot found a trap to the right of the green.

Harrison, whose short iron paid off for him all day, came out nicely and dropped his putt for a birdie to wind up his day's activities.

Lloyd Mangrum of Chicago, the No. 3 money winner among the nation's golf pros this year, found the going a bit rough on his outgoing nine and had to come up with a birdie and an eagle on the last two holes to post a 34 score at the turn. He added a 33 coming in, missing a six-foot putt on the 18th green.

Long-driving Chick Harbert of Detroit, who was rated a co-favorite with Mangrum in pre-tournament dope, had considerable putter trouble as he finished with a 38-37-75.

Cliff Stettergen, Muskegon, Mich., turned in a 69 to stay right up with the leaders.

Cleveland Blasts Brownies 14 To 4

St. Louis, Aug. 18—(P)—The Cleveland Indians turned on the St. Louis Browns with a vengeance tonight, burying them under a 14 to 4 score to partially wipe out the stigma of last night's double defeat by the tail-enders. Bob Lemon had little trouble racking up his 15th victory while Larry Doby and Mickey Vernon each poled 3-run homers.

It was the only night game in the major leagues. The Indians lost no time starting off to a good start and then moved upward on the Board of Trade today. Best prices were made late in the day with wheat up more than a cent and corn nearly 2 cents.

A good part of the buying came from previous short sellers. It followed news the government was expanding its grain storage program, particularly in reference to corn. Soybeans and lard were aided by continued strength in fats and oils.

Wheat showed greater strength at Minneapolis than here. The firmness in the northwest market caused some local buying. There were reports domestic bakers were showing more interest in spring wheat flour.

Receipts were wheat 10 cars, corn 83, oats 24, rye 8, barley 20 and soybeans 18.

Wheat closed 11-18 higher. September \$1.99 1/2, corn was 11-24 higher, September \$1.22 1/2, oats were 4-8 higher, September 63-1, rye was 1 to 1 1/2 lower, September \$1.42 1/2, soybeans were 31-62 higher, November \$2.43 1/2, and lard was 20 to 43 cents a hundred pounds higher, September \$12.80.

Three Killed As Train Is Derailed

Mackinaw, Ill., Aug. 18—(P)—A derailment of a New York Central freight train killed three crewmen tonight and injured two others.

Sixteen cars of the 30-car freight, bound from Peoria, Ill., to Indianapolis, left the tracks near this central Illinois village.

Cause of the derailment had not been determined. The dead were Engineer C. E. W. Hyatt of Urbana, Ill.; brakeman Frank Chaney, also of Urbana, and Fireman Roy Bein of Farmer City, Ill.

Clark Chamberlain of Urbana, a freight conductor, and Henry Covert, Urbana, a flagman, were reported injured.

New York Stock Market

New York, Aug. 18—(P)—Comfortable gains were maintained in the stock market today on top of the market advance in prices in the previous session.

Steels and motors, which have not been too far to the fore in recent days, were leaders in today's upward swing. They were mostly fractions higher.

Rails were on the dull side although they remained ahead. United Gas Corp., which showed a fall in June quarter earnings under a year ago, was active at unchanged to lower prices most of the time. It was the only utility stock showing any marked degree of activity. Other utilities were small fractions higher.

On average the market is at its best level since January when the top for the year was attained. And in the last two days it has gone beyond the previous high point of the summer rally reached last week.

Stocks moving up included U. S. Steel, Bethlehem Steel, Republic Steel, General Motors, Chrysler, Goodyear, American Telephone, Nickel Plate, Standard Oil (NJ), Texas Co. and Gulf Oil.

Bond buyers concentrated on railroad and utility loans at higher prices. Price changes were slight in U. S. government securities in the over the counter market.

UPWARD TREND MARKED BY GRAIN AFTER GOOD START

Chicago, Aug. 18—(P)—Grains got off to a good start and then moved upward on the Board of Trade today. Best prices were made late in the day with wheat up more than a cent and corn nearly 2 cents.

4 Jap Swimmers Qualify In 400 Meter Freestyle

Los Angeles, Aug. 18—(P)—Four Japanese swimmers qualified in the 400 meter freestyle today, and the Nip team turned in the fastest time in the 800 meter relay preliminary, but got a good scare.

Japan's relay squad chose to take it easy and led by a couple of yards at 600 meters. Then Champion Hironoshin Furuhashi loafed in the first 100 of his anchor sprint. Suddenly he found himself in third place.

As he made the turn he looked up, startled. Then he poured it out, virtually pulling himself out of the water with his powerful stroke to leave his opponents far astern. He finished six yards ahead of Joe Verduer, anchoring the Brighton City, N. Y.

The time was 9:16.6. Unofficially, Furuhashi swam the 200 meters in 2:16.6, but he must have finished the last 100 in less than a minute.

The second heat of the 800 meter relay was taken by the New Haven Swim Club in 9:27.6. The world record is 8:45 flat, set last year by the U. S. Olympic squad.

In the 400 meter freestyle, the Japanese were the only men to break five minutes.

Nip Champion Hironoshin Furuhashi won his heat in 4:44.3, the best time. Also qualifying were Shiro Hashizume, 4:52.2, Sumio Tanaka, 4:51.8, and Shuichi Murayama, 4:53.8.

After Long Seige, Police Kill Negro Who Shot Child, 2

Chicago, Aug. 18—(P)—Police set fire to a besieged negro's home tonight and mowed him down with gunfire when he fled the burning building.

Scores of police who had fought a three hour gun battle with Ernest Craig, 26, wanted for shooting a child. Police surrounded the structure when the negro attempted to escape by a window.

Two policemen and three women were wounded during the exchange of shots, some apparently by flying glass. Detective Marshall Pidgeon was shot in the cheek. The other officer was taken to a west side hospital.

Craig barricaded himself in his home after shooting wildly at a neighbor and accidentally wounding two-year-old Diane Atkins, also negro. She was taken to County hospital suffering from a head wound.

Police first tried to coax Craig to surrender. Then they resorted to tear gas in an attempt to rout him, but he screamed back defiantly: "If you want me, come in and get me."

Neighbors fled to their basements for shelter during the prolonged and sporadic firing.

Witnesses said that when Craig emerged through the window scores of police guns opened fire and he fell writhing to the ground.

Pittsburgh Blanks Chicago Cubs 2-0

Pittsburgh, Aug. 18—(P)—The Pittsburgh Pirates shut out the Chicago Cubs 2-0 today on rookie Jim Walsh's three hitter. Rans scored on Ralph Kiner's hits accounted for both Pittsburgh tallies.

The smallest paid attendance of the year—6,932—turned out for Walsh's second mound appearance for the Cubs. It was his first tour of duty in Pittsburgh.

In blanking Chicago, Walsh evened the score with the Cubs. Last week they beat him in his debut by the same score.

Kiner scored Tom Saffell with a single in the first after Saffell had doubled. In the seventh Stan Rokj singled and came home when Kiner tripled to right.

Marjorie Lindsay Wins Illinwek Medal Play Golf

Moline, Ill., Aug. 18—(P)—Marjorie Lindsay, Decatur, today scored a 78 for a 232 total to win the Illinwek Medal Play tournament at Short Hills Country club.

Miss Lindsay went out in 37 today, but failed to find the range on the greens returning and slipped to 41.

Ruth More, Pekin, finished second with 251. Tommie Riley, Champaign, was third with 252 and Mrs. James Reid, Rockford, fourth with 255.

Mrs. Frank Mayer, Glenview, defending champion, wound up in a tie with Mrs. Jack Ochiltree, St. Charles, both scoring 260.

Teenagers

Puzzle British

London—(P)—The ministry of education admit that teenagers are baffling to educators as they are to parents. The ministry wants to expand its experimental courses in parentcraft in British schools but it has run into this problem:

At what age should a girl begin to study how to become a successful mother? In a pamphlet, "Citizens Growing Up," the ministry put it like this:

"There are many who think that 13 or 14 is too young, since much of what is learned at that age is forgotten by the time a girl marries." But, on the other hand, it said, "girls at this stage are mostly interested in small children, while at the age of 16 or thereabouts their interest tends to shift to boys or young men."

The pamphlet-writers threw up their hands. "It is strongly urged," they advised, that opportunities for homecraft and parentcraft should be given girls of every age in all types of schools."

Baptism Precedes Execution

New York—(P)—In a roundup of Communists in a Nationalist section of China recently, General Li Chi Pin discovered among the Communists some who had learned about doctrines of the Catholic church and wanted to be baptized.

One day, reports the Society for the Propagation of the Faith, the military chief told a local priest one of the Communists wanted to be baptized. "You should not come, Father," he warned. "We will baptize him ourselves."

The next morning at sunrise the Communists were executed. In the afternoon the military chief returned with a smile on his face. "Well, how did everything go?" asked the priest. "Very well, Father. I stood next to him and when the music stopped immediately before the execution I baptized him. Before the water was dry on his head, he was already in the other world. He never had a chance to damn his soul!"

Steps to the Moon

By Adelaide Humphries. © by Hillman-Curl, Inc.; Distributed by NEA SERVICE, INC.

THE STORY: Gaynel Teare, expected by her mother Emily to marry Barry Bainbridge, is uncertain what to do. Barry has proposed, but Gaynel is undecided—mainly because of Fritz Freymann, full of energy and fun, whom she met recently. Gaynel is the breeder for her family and marriage to Barry could solve many problems. Besides, Fritz has not mentioned marriage as yet.

MR. THOMAS HUDLT, who, as Gaynel's boss, paid her a quite respectable salary each week for her services as private secretary, was away again. He had taken his camera up into the "twigs" of Canada, as much to escape the heat which had descended upon the city much sooner than expected, as to shoot more film for his collection. Gaynel had put in a busy week; the heat had left her practically limp. So she did not mind when Fritz turned up at the office to inform her that he was broke—and could not take her places this evening, as he had promised.

"It's too warm to go dancing, anyway," Gaynel said, covering her typewriter. "Let's just go somewhere and sit; that would suit me to a T."

Fritz said, "Me, too. We can hold hands and look at the moon." He stopped his reckless pacing and plunked himself down in a deep easy chair, heaved a huge sigh. "I still can't make out," he told her, "why you don't get me a job in this point. If you think this is work, you should have been hoofing it around this dump all day in my number eleven."

"I suppose this is a snap," Gaynel said, slamming a drawer with a vicious bang. "This place has been a madhouse all week with Mr. Hudlt leaving before he had intended, with all sorts of matters left hanging fire. And it's even too hot to hold hands, thank you. And there isn't going to be any moon. It feels as though there's going to be a nice thunder shower, instead."

"You should not come, Father," he warned. "We will baptize him ourselves." The next morning at sunrise the Communists were executed. In the afternoon the military chief returned with a smile on his face. "Well, how did everything go?" asked the priest. "Very well, Father. I stood next to him and when the music stopped immediately before the execution I baptized him. Before the water was dry on his head, he was already in the other world. He never had a chance to damn his soul!"

DISASTER PAYOFF PLANNED—67 YEARS LATE Sydney—(P)—Twenty-seven people orphaned in 1882—67 years ago—by a disaster in the Creswick gold mine near Ballarat, Victoria will probably get \$320 dollars each as compensation. This results from the impending winding up of the Victorian Mining Accident Relief Fund by a bill scheduled for introduction in the Victorian Legislative Assembly in October.

Twenty-two miners were drowned in the Creswick disaster, when water burst a face 3,000 feet from the shaft. Twenty-seven trapped men retreated to the highest point they could reach, tied themselves together as water rose to their necks. Fifty-six hours later a rescue party reached them and found only five alive.

Russia Plans More Textbooks

Moscow—(P)—About 9,000,000 textbooks—4,000,000 more than last year—will be published in the USSR in 1949.

A considerable number of the textbooks have been radically revised. In them revolutionary bourgeois theories have been subjected to criticism, the outstanding role of Russian and Soviet scientists in the development of world science and technique has been reflected more fully and generalization of the advanced experience of production innovators has been given, says an official announcement.

Myrrh and frankincense were aromatics only used in religious ceremonies in early times.

4-H ACTORS—'LIGHTS, CAMERA, ACTION'

4-H boys and girls from the Journal Courier area broke into the movie Tuesday when they assisted the staff of the Atlas Film company of Chicago shoot a documentary movie on the work and activities of Illinois 4-H clubs. The photo shows the assistant director checking with the cameraman just before a scene is made of the state fair 4-H cafeteria at mealtime.

Six powerful floodlights attended by a pair of electricians were used to light the setting. Director Wolfe said youngsters are easy to film. They have only one serious fault, he said. "They want to look at the camera."

Some of the better looking girls were used to dress up the foreground of the scene. They beamed at each other, ate their lunch and slipped Grade A milk as the rest of the cast filed through the "chow line."

Announce Garbage Collection Scheme For Virginia

Virginia Mayor Hierman has announced a garbage collection project to be started on Monday, August 22. This project will no doubt meet with a great approval in this city as it has long been a needed factor, officials said.

The plan, as outlined at the present time, is to have the truck collect the garbage from homes east of Main street, or Route 67, on Monday and Tuesday. People living west of Main street will have their garbage removed on Wednesday and Thursday.

The garbage must be kept in tightly closed cans. No cans, bottles, broken glass, papers or anything of that nature will be collected by the service.

Arrangements have been made with John Saltee to take care of the garbage collection for a period of three months. If it meets with popular approval and a need is felt for its continuation, it will probably be continued.

Anyone living outside the city limits desiring this service must contact John Saltee as this is primarily a city project.

Largest Polio Increase Reported Was Last Week

Washington, Aug. 13—(AP)—The largest polio increase yet reported this year occurred during the week ending Aug. 13, the National Office of Vital Statistics said today.

The week produced 3,158 new cases, 29 percent greater than reported during the previous week when 2,541 cases were recorded, a 25 percent increase over the week before that.

The total to date this year is 13,901 cases compared with 8,430 for the same period last year and a five year median for the period of 5,008.

The Public Health Service said polio increases in all the major geographical divisions. All but the following ten states—Rhode Island, Delaware, Virginia, North Carolina, South Carolina, Florida, Tennessee, Oregon, Texas and California—reported more cases current than for the corresponding week last year, and to date this year all but 11 states—Pennsylvania, Nebraska, Delaware, District of Columbia, Virginia, North Carolina, South Carolina, Georgia, Florida, Montana and California—have reported more cases than for the corresponding period last year.

Hungry Bears Give Minnesota Cities An Exciting Time
Duluth, Minn., Aug. 18—(AP)—Invasions by hungry bears had residents of several northern Minnesota cities on the defensive today.

One rampaging bruin took the leading role today in a combination regatta, roping contest and slapstick comedy at Duluth.

Another bear at Virginia, described as "plenty big," invaded a home and "ate everything but the kitchen sink" and then turned that while a frightened mother and her two children barricaded themselves in upstairs quarters.

Bears, hungry because of a short wild berry and clover berry crop this year, have been visiting city areas the past two weeks in search of food. Many have been shot at Duluth, Two Harbors, Virginia and Hibbing.

The bear that invaded downtown Duluth today gave one man a sample of his teeth. It was sighted near the Duluth ship canal, a short distance from the city's main thoroughfare. A crowd gathered at a safe distance. Bruin jumped into the water and started swimming.

Three men obtained a boat and started for the animal. Bruin, however, climbed into the boat and the three men went over the side.

As the last man was hurriedly leaving, the bear bade him farewell with a bite—right on the part that was uppermost at the time. The bear again took to the water and was lassoed as it neared shore. Police shot and killed it.

POINT CHURCH PLANS SOUND MOVIES SUNDAY

Delegates Report To Local American Legion Auxiliary

Mrs. Mabel Obert and Mrs. Mildred Smith, delegates to the department convention Aug. 5-8 at the Palmer House in Chicago, gave interesting reports at the regular American Legion Auxiliary meeting Wednesday evening.

Mrs. Obert served on the credentials committee.

Mrs. Smith told of the change in seating arrangements, announced by Mrs. Mae Duckett, convention chairman. Heretofore, delegates have always been seated by districts, but this year they could sit wherever they wished.

The past presidents' parley breakfast held Sunday morning under the direction of Mrs. Anita Seymour of Virden was much enjoyed by the local delegates, as was the unit dinner Saturday evening.

A new project of the auxiliary, department of Illinois, this year is a nursery at Downey, Ill., for the purpose of caring for children while their mothers visit sick husbands at the Downey Veterans tuberculosis hospital. An amateur movie giving the story of the project was shown.

The second Sunday in August was adopted as Gold Star Mother's Day. Following the reports, bingo was played with prizes going to Elizabeth Doolin, Mrs. Florence Vasconcelos and Mrs. Theresa Walton. The social committee consisted of Mrs. Harriette Craver, Mrs. Elizabeth Alquist, Mrs. Louise Slagle and Mrs. Trilby Skinner.

Refreshments were served from a table covered with a lace tablecloth and centered with a crystal bowl holding pink gladioli.

45 Year Resident Of Virginia Dies At Home Tuesday

Virginia—Mrs. Paralee Darland, a resident of this city for the past forty-five years, passed away at her home on Tuesday at 7:00 p.m. following a long illness.

Mrs. Darland was born on August 18, 1885 in Rosedale, Ky. She was married to Benjamin Darland, who preceded her in death 22 years ago. One son, Julie, also preceded her death two years ago.

She is survived by three sons: Claude and Ben Lee of this city and Phil of Chandlerville; a sister, Mrs. Parthenia Delany of Portsmouth, Ohio and a brother, Jerry Devine, of Louisville, Ky.

Services will be held at the residence on Friday at 2:00 p.m. with Rev. T. Chandler Burton officiating. Burial will be in Walnut Ridge cemetery.

The suddenness of the young woman's illness and her prior illness at the time her brother-in-law was stricken last May, led immediately into another investigation.

Await Results Of Tests
Importance of the post-mortem was recognized by all county officials who have been delving into the Bruening case since Marvin's illness and unsolved death. Should further tests determine that she died from natural causes, investigators would be left only with the puzzle of Marvin's death. Should the examination reveal unnatural causes, another full scale investigation would result.

Possibility that her death was due to polio, an epidemic which has caused much illness in Central Illinois this summer, also was considered.

Mrs. Bruening first became ill on the night of May 22, the same night that four members of the family were stricken by what physicians later determined was arsenical poisoning.

Marvin Bruening died on July 1, but the other three victims, Mr. and Mrs. Bernard Bruening and Mrs. Leah Bruening, all apparently showed improvement.

The death of the young woman shocked members of the family, several of whom were with her at the hospital when she died, and officials who have worked to unravel the mystery of her brother-in-law's death.

Could Have Been Recurrence
Three questions were uppermost in the minds of officials as they moved into an investigation of the circumstances surrounding her death. These were whether she suffered a recurrence of her original illness earlier in the summer; whether she died from natural causes, or by some other unknown cause.

Since the death of Marvin Bruening, the family consisting of Mr. and Mrs. Bernard Bruening and Mrs. Leah Bruening, his mother, has continued to reside on the home farm northwest of Chapin.

With Mrs. Bruening at the hospital at the time of her death were her husband, mother, Mrs. Emma Westermeyer, and brother, Wilbur Westermeyer, both of Naples, and Mrs. Leah Bruening, her mother-in-law.

Could Not Speak
Wilbur Westermeyer told Coroner Muchhausen that his sister's throat appeared to be paralyzed, and that she could not speak during the later stages of illness.

The young woman was one of the witnesses at an inquest conducted on the night of July 19 at the court house, when a coroner's jury found that Marvin Bruening died from arsenical poisoning by a person or persons unknown.

At the inquest Mrs. Bruening related the various food items which were consumed by the family on May 22 and 23, which she said she and her mother-in-law prepared. She testified that she was in bed practically a week as a result of poisoning.

She gave as her opinion that the poisoning came through food or water.

The mysterious death of Marvin Bruening has been under almost constant investigation by county authorities. Members of the family have been questioned repeatedly.

Mrs. Bruening was born at Neelyville on Nov. 11, 1924, daughter of Fred and Emma Westermeyer. She is survived by her husband, mother, Mrs. Emma Westermeyer, and brother Wilbur.

Funeral services will be held Saturday, Aug. 20 at 2:30 p.m. at the residence.

Death Strikes Second Time In Family; Will Analyze Vital Organs

An autopsy over the body of Mrs. Bernard Bruening yesterday afternoon did not immediately reveal the cause of her death. Further analysis and tests will be necessary before physicians and officials determine the cause of death in the second fatal mystery that has involved the Bruening family in the past two months.

Mrs. Bruening died at 6:40 a.m. yesterday at Passavant hospital, where she was taken at 11 o'clock Wednesday night, suffering from illness from which she first complained Sunday.

She was a sister-in-law of Marvin Bruening, 20, whose death July 1 by arsenical poisoning is still unsolved. She also suffered from poisoning earlier this summer, but apparently recovered from the effects.

The post-mortem examination of the young woman's remains was performed by Dr. Garm Norbury of the Norbury Sanatorium, Inc., and Dr. Hugh McKinley, pathologist on the staff of the Jacksonville State hospital.

Doctors Issue Statement
At the conclusion of the two hour autopsy the physicians issued this statement to the coroner:

"The autopsy did not reveal in gross findings any particular conditions which would cause death. Specimens were taken for microscopic and chemical studies, from which it is probable that a more exact determination can be made."

Coroner C. H. Muchhausen and Sheriff Ralph Bourn said vital organs are enroute to the F.L.I. laboratories in Washington.

The remains were prepared for burial at the Gillham Funeral home, where the post-mortem was performed. Later in the day the body was removed to the Schaefer Funeral home in Mercedia.

Will Swear In Jury
The coroner said he expects to go to Mercedia this morning where he will empanel a jury in preparation for an inquest. The date of the inquest, however, has not been set.

Mrs. Bruening, who before marriage was Marie Westermeyer, is reported to have become ill last Sunday, at which time she complained of soreness in her throat. She came to this city Wednesday for treatment by Dr. Norbury.

Her condition became acute Wednesday night, at which time she was taken to the hospital.

The suddenness of the young woman's illness and her prior illness at the time her brother-in-law was stricken last May, led immediately into another investigation.

Importance of the post-mortem was recognized by all county officials who have been delving into the Bruening case since Marvin's illness and unsolved death. Should further tests determine that she died from natural causes, investigators would be left only with the puzzle of Marvin's death. Should the examination reveal unnatural causes, another full scale investigation would result.

Possibility that her death was due to polio, an epidemic which has caused much illness in Central Illinois this summer, also was considered.

Mrs. Bruening first became ill on the night of May 22, the same night that four members of the family were stricken by what physicians later determined was arsenical poisoning.

Marvin Bruening died on July 1, but the other three victims, Mr. and Mrs. Bernard Bruening and Mrs. Leah Bruening, all apparently showed improvement.

The death of the young woman shocked members of the family, several of whom were with her at the hospital when she died, and officials who have worked to unravel the mystery of her brother-in-law's death.

Could Have Been Recurrence
Three questions were uppermost in the minds of officials as they moved into an investigation of the circumstances surrounding her death. These were whether she suffered a recurrence of her original illness earlier in the summer; whether she died from natural causes, or by some other unknown cause.

Since the death of Marvin Bruening, the family consisting of Mr. and Mrs. Bernard Bruening and Mrs. Leah Bruening, his mother, has continued to reside on the home farm northwest of Chapin.

With Mrs. Bruening at the hospital at the time of her death were her husband, mother, Mrs. Emma Westermeyer, and brother, Wilbur Westermeyer, both of Naples, and Mrs. Leah Bruening, her mother-in-law.

Could Not Speak
Wilbur Westermeyer told Coroner Muchhausen that his sister's throat appeared to be paralyzed, and that she could not speak during the later stages of illness.

The young woman was one of the witnesses at an inquest conducted on the night of July 19 at the court house, when a coroner's jury found that Marvin Bruening died from arsenical poisoning by a person or persons unknown.

At the inquest Mrs. Bruening related the various food items which were consumed by the family on May 22 and 23, which she said she and her mother-in-law prepared. She testified that she was in bed practically a week as a result of poisoning.

She gave as her opinion that the poisoning came through food or water.
